

Dear Mr. Cole,

My name is Dushaun Davis and I am honored to be the recipient of William and Helen Scarpino Veterans Promise Program. This scholarship is extremely helpful and means so much to me and I'm sure many other active duty members. You have made a program that not only benefits my present schooling career, but my future career as well. I am able to save my GI Bill and use it towards a university instead of implementing it now and being rushed. My objective is to start this school year off slow paced and gradually increase my curriculum overtime based on my comfortability level. If I would have started off using my GI Bill, I would have felt rushed and probably wouldn't have completed my career goal, but with your exceptional program I am able to further my career goal with ease and comfortability.

I am using this program to further my career with majoring in Business Administration at Ventura College. I plan on getting out of the military in a couple years to pursue my passion, which is to become an Event Planner/Coordinator. I plan on having my own successful business right here in California within the next 10 years. With this program, I am able to get a jump start on my future career. In addition to, saving money and time on issues I would've had to worry about if I used my GI Bill this early on.

Once again, I want to thank you for making this scholarship possible and for your generosity.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dushaun Davis', written in a cursive style.
